BURGESS SIGNS PAVING MEASURE

Council will Turn over Certified Copy to State Highway Department and Bids will then be Asked on Gettysburg Work.

When the town council at an adjourned meeting Friday evening turned over to Burgess Eicholtz the ordinance providing for the paving of Baltimore and Chambersburg streets, when the Burgess at once returned the ordinance with his signature, and when council then ordered the measure advertised immediately, they put the matter in such shape that in ten days the State Highway Department will be in a position to draw up their specifications and advertise for bids, knowing that Gettysburg will fulfill its part of the contract.

The disposition of the ordinance made at last night's meeting has been held up for many weeks, pending the finding out of the exact position taken by the State Highway Department on the weight they would give council's desires on the material to be used in the proposed paving.

Mr. Keith reported to council Friday evening that he had been in communication with Chief Engineer Uhler on the subject and that the official had told him bids would be asked on several varieties of asphalt paving, and that the contract would be awarded to the lowest bidder. This will allow bids to be made on sheet asphalt, warrentite, bitulithic or other asphalt street paving, but brick is barred as the prices are declared by the State to be prohibitive. Mr. Uhler said, among other things in his conference with Mr. Keith, that the grade on Baltimore Hill was not so steep as to make asphalt undesirable.

Another matter of importance taken up with the State Highway Department by Mr. Keith was the question of the paving of the center of the streets in question. Mr. Keith stated that council was not willing to advance the money for this with the possible prospect of having to go into litigation to collect it from the Gettysburg Railway Company, and that, if the company would not agree to pay their share, the council did not feel that it should undertake that burden.

Mr. Uhler stated that the Highway Department preferred to have the whole job completed at one time but that, in view of the circumstances, they would agree to pave just the sides of the streets, providing council would give their assurance that the center of the street would ultimately be paved in the same manner, either by the borough or the railway company. It is earnestly hoped by all concerned that satisfactory understanding may be arrived at before the work is started so that all may be done at the same time, for council and Highway Department agree that it will make an unfinished job to have the sides paved and the street car tracks in their present condition.

The affixing of the Burgess' signature to the ordinance put it in shape to be advertised. This was ordered done immediately and it will become a law in ten days from Friday night, upon the advertising of it the required number of times. The secretary was instructed to send to the State Highway Department a certified copy of the ordinance as soon as it is in effect.

Other Business

The highway committee was instructed to have curbs laid at the properties on both sides of Springs avenue at the foot of Seminary Ridge, and on the west side of South Stratton street from East Middle to York street.

It was decided that the borough lay a new cement pavement in front of the engine house, removing the granite runways for the fire apparatus, except those stones next to the engine house. The present arrangement is regarded as unsafe to pedestrians.

The secretary was instructed to send a request to the Gettysburg and Harrisburg Railway Company to put surface stone in their tracks on Railroad street so as to make them passable. Similar notice was ordered recently to be sent to the Western Maryland.

Messrs. Gilbert and Hartman were appointed to draw up and present resolutions on the death of Councilman George E. Stock.

Althodore Bushman's resignation as a member of council was accepted with regret. It was decided that the vacancies should not be filled before the next regular meeting.

ARE MARRIED AT CHURCH WEDDING

Many Gettysburg People Present to See Miss Anna Crapster Become the Bride of West Virginian. Will Live in that State.

Miss Anna Porter Crapster, of Taneytown, and John Smeltzer, of Yellow Springs, West Virginia, were married at two o'clock this afternoon at an unusually pretty wedding in the Presbyterian church, Taneytown. The ceremony was performed by Rev. Seth Russell Downie, assisted by Rev. Dr. J. T. Huddle, of Washington, an uncle of the bride.

Miss Anna Galt, of Taneytown, played the Lohengrin March as the bridal party entered the church which was beautifully decorated with ferns, white cosmos, and autumn leaves. The bride was attended by her sister, Miss Elizabeth Crapster, as maid of honor. The best man was her brother, John O'Neal Crapster, of Taneytown. The bride was given in marriage by her uncle, Dr. Walter H. O'Neal, of Gettysburg, and the single ring service was used. The Mendelssohn March was played as the recessional.

The bride was handsomely gowned in white crepe de chine and satin, trimmed with old family lace. The gown was made with train, and the veil was caught with orange blossoms. She carried a shower bouquet of white roses and lilies of the valley. Miss Elizabeth Crapster, the bridesmaid, wore a gown of salmon colored crepe de chine, and carried white chrysanthemums.

The ushers were E. Fern Weaver, Cutworthy Birnie Jr., Reindollar Motter, and Winfield Buffington, all of Taneytown.

Immediately after the ceremony a reception was held at the home of Mrs. John Crapster, mother of the bride. The wedding and reception were attended by a large number of friends and relatives, many of whom were from Gettysburg. During the afternoon Mr. and Mrs. Smeltzer left on a wedding trip and upon their return will be at home at the bridegroom's farm, near Yellow Springs, West Virginia.

The bride has a large circle of friends, both in Taneytown and in Gettysburg where she has been a frequent visitor at the home of her aunts, the Misses O'Neal, on Carlisle street. She attended Mary Baldwin Seminary, at Staunton, Virginia. Mr. Smeltzer is a graduate of Clemson College, South Carolina.

TO GIVE CONTEST

Long May Run for Judge on Stickers in Franklin County.

The Inter-Church Federation of Franklin County held a large meeting Friday at which it adopted the report of the temperance committee by a unanimous vote. This report urged that the fight against the saloon, in favor of "no license," should not be dropped and called on the Inter-Church Federation to work for the election of D. Edward Long for Judge. Mr. Long by a letter addressed to the body signified his willingness to stand. He will have to be voted for by sticklers.

Mr. Long was one of the candidates for Judge defeated at the last primary by Judge W. Rush Gillan, who received about sixty per cent of the vote and appears as the sole nominee.

RACE ARGUMENT

Colored Pastor Sues to Get Son into High School.

Cumberland County Court will act within a short time on a question of race disagreement as the result of the filing by Henry Young, a colored minister, of a writ of mandamus against the School District of Carlisle to compel the authorities to admit his sixteen year old son to the new Lamberton Technical High School.

The boy wants to take up a commercial course, which it is claimed is not taught in the Lincoln Building which has been used exclusively for colored pupils. A violation of the school code is claimed by Young.

MASTER'S WILL IS PROBATED

Many Relatives Remembered by Civil War Veteran who Took his Own Life. Charles Stock Administrator of his Father's Estate.

The will of Frederick Master, the Civil War veteran who hanged himself at the home of his sister in East Berlin early Monday morning, was admitted to probate in the office of Register Gardner to-day.

It provides that all of his real and personal property shall be disposed of to the best possible advantage, and then, after his debts and the expenses incident to his funeral have been paid, the following disposition shall be made of the estate.

The sum of \$100 is left to his son, Daniel Master, if he can be found but, if diligent search fails to reveal his whereabouts, then the money is to revert to the estate. To his daughter, Martha Zimmerman, of Philadelphia, he leaves \$50; to his sister, Mrs. Barbara Shorb, of East Berlin, \$100; to his nephew, W. H. Master, of Littlestown; \$50; to his neighbor, Mrs. E. E. Day, of East Berlin, \$50 in recognition of many kindnesses. After these bequests have been fulfilled the residue of the estate is divided as follows: one-half to his niece, Mrs. Margie Snyder, of Littlestown; one-fourth to Mrs. Mary Stonifer, of York; one-fourth to his brother-in-law, David Martin Grove, of Chambersburg.

The will, which is dated December 7, 1914, names Mrs. Maggie Snyder, his niece, as the executrix.

Letters of administration were granted this morning to Charles W. Stock in the estate of his father, George E. Stock.

HARNEY

NAME GETTYSBURG WOMAN PRESIDENT

Large Missionary Society Embracing Three Counties Chooses Miss Musselman of this Place as Head for Coming Year.

Miss Carrie Musselman, of Gettysburg, was elected president, and Mechanicsburg was chosen as the place for holding next year's meeting, before the annual convention of the Woman's Home and Foreign Missionary Society of the Lutheran West Pennsylvania Synod came to a close in York on Friday. The society has a membership of more than 5000 so that no little honor was accorded Miss Musselman in selecting her as its executive head.

Other officers elected are as follows: vice presidents, Mrs. C. W. Baker, of Adams county; Mrs. H. W. Snyder, of Cumberland county, and Mrs. Fred W. Gotwald, of York county; recording secretary, Mrs. Horace E. Becker, of Hanover; corresponding secretary, Mrs. Gordon Snyder, of Chambersburg; treasurer, Mrs. George C. Henry, of Shippensburg, and historian, Miss Louise Reeve, York.

Much interest was manifested in the outcome of the election of officers. Miss Reeve, who was re-elected historian, was the only retiring official to be returned to office.

Miss Margaret Lilly, retiring president, was admitted as a member of the executive committee while Mrs. Albert Bell, retiring vice president, was admitted as an honorary member of the executive committee.

Out of a list of four invitations extended by congregations to hold the next annual session, Trinity Evangelical Lutheran church, of Mechanicsburg, Cumberland county, was the successful contestant. Other congregations extending invitations were St. Paul's church, of Carlisle; Zion and St. Paul's churches, of Newville, Cumberland county.

The local delegates to the convention have all returned home.

McSHERRYSTOWN

McSherrytown—Lewis I. Klunk, of the Klunk farm, near town, while splitting wood one day last week, fell backwards to the ground, fracturing his left collar bone. Medical aid was procured, but at first it was thought to be only a severe bruise, but, after a more rigid examination several days later, the bone was found to be broken. Mr. Klunk is one of McSherrytown's venerable and well known citizens.

Mrs. Joseph Donnelly, of Edgegrove, visited friends in Westminster, Md., her former home, Thursday. Mrs. Donnelly is a native of Ireland, and on reaching America resided at Westminster for a number of years, later moving to this place. This was her first visit in Westminster in nineteen years.

William Myers and family have moved from the Klunk farm, near town, to the property formerly occupied by Harvey Collins.

CYPRUS REJECTED BY GREECE

Allies Now Threaten to Blockade the Coast.

SERBS REPORT VICTORIES

Austro-German Advance Said to Be Checked and Invaders' Losses Placed at 60,000 Men.

London, Oct. 23.—The Greek government has informed the quadruple entente powers that it does not see its way clear at present to accept the proposals, including cession of Cyprus and other concessions, offered in return for Greek military co-operation with Serbia.

A demand for immediate demobilization of the Greek army is expected to be the entente's next step.

If Greece refuses, maintaining her mobilization without openly siding with the allies, the fleets of the latter, it is declared, will combine to attack the Hellenic coast.

Greek troops are still being concentrated on Salonika, their number being already about 50,000.

Renewed pressure on Greece and Rumania is forced on the allies by the serious state of affairs in Serbia. Nish advances, however, are more optimistic.

Official Serbian despatches declare that the Serbians had taken the offensive with much success. Premier Pastich sent a telegram saying that a favorable issue was assured if the allies sent more help. An Athens despatch tells of Austro-German defeats in which many officers were taken prisoners.

The losses of the Austro-German armies operating in northern Serbia was officially declared to be 60,000 in killed, wounded and prisoners. King Ferdinand of Bulgaria has gone to the front himself.

The German war office announces the capture by the Bulgarians of Kumanovo, thirty miles south of Vranja and forty miles from the Bulgarian frontier, and Veles, twenty-eight miles south of Uskub and sixty miles from the frontier. Despatches from Athens indicate that the Salonika-Nish railway has been cut in three places.

An Athens despatch says Turk cavalry assisted the Bulgarians in the fighting at Veles.

SERBS FAR FROM BEATEN

Invaders' Victories Exaggerated and Their Progress Slow.

Salonika, Oct. 23.—Officers of the French and British expeditionary force in the Balkans who returned from the Serbian front, assert that, notwithstanding the odds against which they are fighting, the Serbians are not discouraged.

"I would not advise you to bet ten cents that Serbia will be crushed," said one of these officers. "Last Thursday we were north of Ralia, in the sector where the Austrians and Germans are making their principal attack. It took them nine days to gain eight miles on that front."

"We saw long lines of Prussian and Austrian prisoners going to the rear. The Serbian line is absolutely unbroken. The Serbians are fighting every inch of the way. Only five cannon of the allies and eight of the Serbians were lost around Belgrade, notwithstanding German reports. Seven of those cannon were destroyed before the city was captured."

"The Bulgarians occupy Pirot, on the route to Nish. They hope to effect a junction with the Germans. At the present rate of progress it will be next year before this can be done."

"Throughout Serbia there is a conspicuous sentiment of gratitude to America, on account of the assistance extended by the medical commissions which are believed to have saved the people from annihilation by the typhus epidemic."

FEW SERBS TAKEN ALIVE

German Correspondent Tells of "Horrible Scenes of Wildest Fighting."

Amsterdam, Oct. 23.—A representative of the Lokal Anzeiger at the Serbian front telegraphs that the desperate resistance of the Serbians is responsible for the relatively small number of prisoners taken by the Austrians and Germans.

"Serbian troops rarely surrender, even in hand-to-hand encounters," the correspondent says. "They fight until the last possible moment. Thus there are enacted in these battles horrible scenes of the wildest fighting, unparalleled on any other front."

Archangel Blocked by Ice

London, Oct. 23.—According to despatches from Christiania, the Russian port of Archangel already has been closed by ice. If this be true, Russia will be deprived of this means of bringing in supplies, unless ice breakers are able to work successfully.

Teutons to Ravage Towns

London, Oct. 23.—If the Germans fail to capture Riga and have to retreat, they will destroy all the Russian towns on their line of march, they have warned Mitau's inhabitants, according to a news agency message from Petrograd.

CHARGE 'CONSPIRACY' TO SHELVE ASQUITH

Kitchener and Grey Also to Go Under Alleged Scheme.

London, Oct. 23.—The Daily Chronicle claims to unmask a "conspiracy," led by Lord Northcliffe, to destroy the present government and substitute a cabinet to include Lord Milner, Sir Edward Carson, David Lloyd George and Winston Spencer Churchill, but not Premier Asquith. Sir Edward Grey, Lord Kitchener or A. J. Balfour. The Chronicle asserts that Lord Northcliffe, who is the owner of the Times, Daily Mail and other papers, has been "openly boasting" this week that the government would be destroyed in a fortnight's time, and adds:

"Mr. Lloyd George is favorite for the premiership in the new combination, which would include Lord Curzon, as foreign secretary; J. Austen Chamberlain as chancellor of the exchequer; Andrew Bonar Law as colonial secretary; Sir Edward Carson as home secretary, and Viscount Milner as Secretary for India. Earl Kitchener would be retained for a time as war secretary, but would be shunted at the first opportunity."

"The idea is to overthrow the government on the question of conscription, and it is significant that David Lloyd George, who favors compulsion, has just appointed two conscriptionists, Colonel H. Lee and Sir Leo G. Chiozza Money, as his secretaries."

TURKS HURLED BACK

Badly Beaten in Attempted Offensive at Dardanelles.

Athens, Oct. 23.—Anglo-French troops administered a crushing defeat to the Turks on Gallipoli peninsula. It is announced in a despatch received from Mitylene.

The battle opened with a general assault along the front at Sulva and Krithia by Turks. Every attack by the Ottoman forces was repulsed. The ground was covered with bodies of Turkish troops when they abandoned their efforts to penetrate the allies' lines.

Immediately after the Turks' attack ceased, the French and British forces took the offensive and hard fighting still continues.

Two allied destroyers entered the Dardanelles at the height of the battle and bombarded the Turkish positions.

ITALY ACTIVE AT AVLONA

Albanian Partition Possible Part of New Balkan Policy.

London, Oct. 23.—Italy is again landing troops at the Albanian port of Avlona, but it is certainly not for the purpose of giving aid to Serbia, as the Albanian mountains are practically impassable. The revolt of the Mussulmans and Mallaks in Albania which has been threatened is not serious, the Serbs having the situation well in hand.

There is a growing conviction that the entente has formulated a new Balkan policy, including a scheme for the ultimate disposition of Albania. This decision is supposed to embrace new accessions of territory for Serbia and Greece, if the latter joins the entente.

U. S. Officer to Visit Serbian Front

Berlin, Oct. 23.—Lieutenant Colonel Joseph E. Kuhn, military attaché of the American embassy here, will leave tonight for the Serbian front in company with the military attaches of the other neutral countries stationed in Berlin. The officers will make their headquarters in Belgrade, from which city trips to the various fronts will be made.

Babe Sees Mother Murdered

Washington, Oct. 23.—While her three-year-old son looked on, Mrs. Katherine Kuffer, thirty years old, was shot to death by Benjamin Shreve, sixty years old, who had been annoying her with his attentions for weeks. Shreve then shot himself and died in a few minutes. The woman's husband was away.

GERMANS WITHIN 12 MILES OF RIGA

Invaders Gain in Drive Against Baltic Port.

RUSSIANS WIN IN GALICIA

Czar's Troops Take 7500 Prisoners—Teutons Threaten to Burn Villages.

London, Oct. 23.—Field Marshal von Hindenburg's battering ram tactics have brought his left center to Olai, a village between Mitau and Riga, twelve miles from the Russian seaport. His offensive is making progress east of Olai in the direction of Ekau, ten miles directly south of Riga, and his right has reached the Dvina river, on a stretch of nearly ten miles, at a point thirty miles southeast of the fort, whence his artillery controls the Dvinsk-Riga railroad.

The main German effort is being directed on a twenty-mile front, extending from Olai to the Dvina, but the general offensive is taking in a line seventy miles in length, running in a semi-circle from the Aa river to Dvinsk and the lake region beyond. In this region the Germans have brought large units from the Pripiet sector and the upper Niemen, which have been demobilized either by the smaller rivers or the strength of the Russian defence. These reinforcements in men have been supplemented with great increases in artillery, and the cannonade of the Russian positions has exceeded anything yet experienced in the northern zone. The official communication from Petrograd mentioned particularly on the front east of Olai.

The following despatch was received from Reuter's Petrograd bureau: "The Germans have informed the inhabitants of Mitau, Courland, that if they are unsuccessful in their attack on Riga they will raze all villages in the line of retreat. German reinforcements in the Riga district include landsturm called out in September. A German officer captured by the Russians spoke disparagingly of Austrian troops."

As an offset to the German advance in the north, Petrograd announces further Russian successes on the southern part of the front. It is stated that several Austro-German positions and more than 7500 men have been captured.

Germans Turn on Russians

Berlin, Oct. 23.—The official statement says:

"Russian attacks northeast, east and southeast of Paranovo were repulsed by the troops under Prince Leopold, of Bavaria. Eight officers and 1132 Russians were taken prisoners."

"General von Esingens' army west of Tschartorsk threw back the Russians in a general counter attack. During the last few days nineteen officers and 2000 men were taken prisoners, and one cannon and eight machine guns captured."

BELGIAN TOWN 'PUNISHED'

Women Refuse to Work for German Soldiers.

Paris, Oct. 23.—A correspondent of the Havas News agency, telegraphing from Hazebroeck, says Harlebeke, near Courtrai, Belgium, is being punished by the German governor because women in that locality refuse to do military work for the Germans. Twenty-nine women, he says, have been sent to Germany as prisoners.

"The Belgian food committee has been forbidden to supply Harlebeke with food," the despatch adds. "All cafes are closed. No Belgian is allowed to go outdoors between four o'clock in the afternoon and 7 in the morning. The town of Lessines has had to pay a heavy fine because its women declined to work for the German army."

Cotton for Germany in Italy

New York, Oct. 23.—American cotton valued at approximately \$50,000,000 shipped from the United States is in possession of the Italian government, according to Captain J. W. Batchelor, of the Liverpool Salvage association, who arrived here on the steamship Baltic from Liverpool.

Pennsy Calls Men to Work

Altoona, Pa., Oct. 23.—The Pennsylvania railroad, because of heavy traffic ordered all its suspended freight brakemen to report for work and also put twenty-five roadmen, who have been working in the shops, in the train service again.

Tug Blows Up; Two Hurt

Delaware City, Del., Oct. 23.—An explosion of 700 gallons of gasoline on the tug Natalia, which was loading in the Delaware and Chesapeake canal, destroyed the vessel and seriously injured two members of the crew.

British Shell Bulgar Port

London, Oct. 23.—The British Mediterranean squadron bombarded the Bulgarian port of Deleagatch, in the Aegean sea, according to a telegram from Sofia received by Reuter's Telegram company by way of Amsterdam.

KING GEORGE ASKS FOR VOLUNTEERS

Appeals to His People to Join the Army.

London, Oct. 23.—King George has issued an appeal to his subjects to come forward voluntarily and aid Great Britain in her fight against the Germanic allies. "More men and yet more," the monarch says, "are wanted to keep my armies in the field and through them to secure victory and an enduring peace."

The message of the king follows: "To my people: At this grave moment in the struggle between my people and a highly organized enemy who has transgressed the laws of nations and changed the ordinance that binds civilized Europe together, I appeal to you."

"I rejoice in my empire's effort, and I feel pride in the voluntary response from my subjects all over the world who have sacrificed home and fortune and life itself in order that another may not inherit the free empire which their ancestors and mine have built. I ask you to make good these sacrifices."

"The end is not in sight. More men, and yet more, are wanted to keep my armies in the field and through them to secure victory and an enduring peace. In ancient days the darkest moment has ever produced in men of our race the sternest resolve. I ask you men of all classes, to come forward voluntarily and take your share in these fights."

"In freely responding to my appeal you will be giving your support to our brothers who for long months have nobly upheld Great Britain's past traditions and the glory of her arms."

GERMAN SHIPS SUNK

English Submarines Destroy Four More Vessels.

Stockholm, Oct. 23.—The sinking of four more German steamships by British submarines in the Baltic is reported.

The vessels are the Hornoesand, 1182 tons; Plauen, 4210 tons; Rendsburg, 4639 tons, and Electra, 1261 tons.

Swedish newspapers are indignant over the attack by a German armed trawler on the Swedish submarine Hvalen, off Ystad. Although it was said the submarine was mistaken by the Germans for a British craft, the newspapers say the weather was clear and the vessel's flag easily distinguishable. It also is said the attack was made in Swedish waters.

Philadelphia Solomon.

A Philadelphia police magistrate was called on to decide the ownership of a dollar bill which was found in the street by a negro and claimed to have been lost by a white man. After hearing the story of each claimant the court said: "I believe the dollar belonged to the white man, but since the negro found it he is entitled to a reward. I therefore decree that each take fifty cents and call it a day's work."

Not Prejudiced.

A candidate for a situation as schoolteacher in the Florida Everglades, being asked the shape of the earth, replied: "Well, some folks like it round and some like it flat, and I've jannery taught it both ways."

Would Never Do.

"Why do you censor the vaudeville bill every Monday morning before the show starts for the week?" "Have to do it. Some of these unscrupulous performers occasionally try to ring in some new jokes."

RUSSIA CONTAINS 140 RACES, EACH HAVING OWN LANGUAGE

Many Provinces Hope to Become Free and Independent of the War.

The population of Russia is more varied than that of the United States, including Persia, Riva, the Philippines, the Sulu Islands, Alaska, Indians and all—in fact, more varied than the population of any other country in the world.

The population of Russia consists of over 140 different peoples, nationalities, nations, races, differing in language, religion, dress, customs, mode of living, civilization, and living most by apart from one another.

There are:
Fifty million Great Russians, or actual Russians, or Muscovites (the inhabitants of the former grand duchy of Moscow, now ruling all Russia).
Twenty million Little Russians, formerly a part of Poland.

Twelve million Poles.
Six million White Russians, formerly a part of Poland.

Two and a half million Finns.
Two million Lithuanians, formerly a part of Poland.

Two million Germans.
One and one-half million Letts, formerly a part of Poland.

One and one-half million Armenians.
One and one-half million Roumanians.
Five million Jews.

Sixty million of 130 other different nations and races, as Tartars, Kurds, Bashkirs, Samoyedes, Kirghizes, Kalmucks, Turks, Bulgars, Greeks, Persians, gypsies and 120 others. Most all of these live in groups and clans on their ancient territory.

It would take centuries to melt these 140 different nations of different races, with 140 different languages and almost as many different religions, into one solid Russian nation.

In the meantime scores of them hope to become free and independent countries and thus preserve their ancient home, nationality, language, religion and all.

Determined Dissatisfaction.
"Is this train on time?" asked the passenger.

"Yes," replied the conductor. "We'll get you in to the minute."
"That's too bad. This car is a lot more comfortable than the place I'm going to."—Washington Star.

GETTING READY FOR SANTA CLAUS.

6447

There is no reason why Santa Claus should not be dressed in the latest style. This costume provides for him the last word in yuletide fashions.

In less than two months Santa Claus will begin his round of visits, and as he will appear at numerous concerts and entertainments it will be necessary to provide a change of costume for him.

The costume shown here consists of a notched and turn under back edge on coat, knickerbockers, hat and leggings; not perforations, lap to small "o" perforations and in average size requires 6½ yards of material and 5½ yards of fur trim.

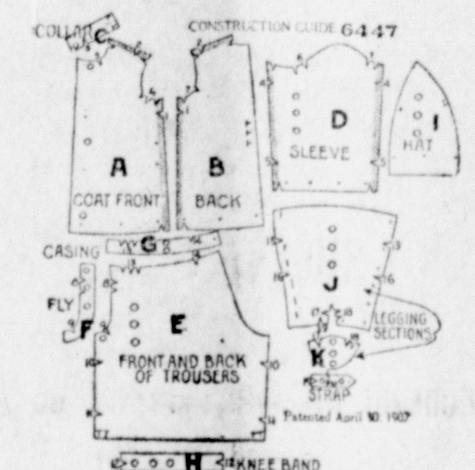

The coat is not difficult to make. First the under-arm and shoulder in strap to corresponding perforation seams are closed as notched. Next, at lower edge of leggings and fasten, turn hems at front and lower edges on. Cotton batting spotted with black small "o" perforations. Sew collar to tassels makes a very good imitation of neck edge, notches, center-front and ermine.

center-backs even; large "O" perforations indicate center-front. Tack a strap of material to position at under-arm seam by even small "o" perforations in front to pass a leather belt through.

Close the sleeve seam and, after hemming the lower edge, sew in armhole as notched, small "o" perforations at shoulder seam casing in any fulness.

For the trousers, first sew one fly to right front as notched and one underneath left front as notched for an under-flying; work buttonholes in the left

fly, and sew buttons on right fly closing. Close leg seam as notched. Gather lower edge of leg between double "T" perforations. Close seam of knee band as notched, sew to gathered edge of leg, seams even. Close center seam from upper edge of back to single large "O" perforation in front.

Next, close back seam of casing, indicated by small "o" perforations; adjust to position underneath upper edge of trousers, notches at upper edges even; insert a drawstring.

The hat comes next. Close center-shoulder seam, indicated by single small "o" perforation, and close center-back seam, indicated by double "oo" perforations. Underface the lower part to 1 inch above crossline of small "o" perforations; roll back on small "o" perforations. Finish the pointed end with fur.

For the leggings, join two sections as notched and turn under back edge on coat, knickerbockers, lap to small "o" perforations and in average size requires 6½ yards of material and 5½ yards of fur trim.

The coat is not difficult to make. First the under-arm and shoulder in strap to corresponding perforation seams are closed as notched. A MOUNTAIN COURTSHIP

By M. QUAD

Copyright, 1915, by the McClure Newspaper Syndicate.

The mountaineer and his wife had to go down the valley about a mile to see a sick neighbor, and I was left at the cabin with their daughter, a girl of eighteen. As soon as she had cleared off the supper table and while I sat on the doorstep smoking she put on a clean apron, arranged her hair and blushed very red as she said to me:

"Him's comin' to see the doctor—and him's very sherry and—and—"

"Do you mean that your young man is comin'?" I asked.

"Reckon him is."

"And he's bashful?"

"Him can't seeeply addle dad and man."

"I see. He'd be scared off if he found me sitting here. Well, I'll take a walk and be out of the way."

"No, no, no! You're perfectly proper. I'll go out and sit down on the log, and you stay right yere."

"Oh, that's it? Well, don't you mind me in the least."

The log was only thirty feet away, and she hadn't been sitting there over five minutes when "him" appeared. He had probably been in hiding somewhere near. All I could see was that he was a young man, very bashful and awkward. He sat down about ten feet away from her, and it was about five minutes before either spoke.

"Who's him?" queried Jim as he nodded his head in my direction.

"Stranger, gwine further up," she answered. "You hadn't no call to be skeered of him nor nobody."

"Who's skeered?"

"Reckon you is."

"Shoot! Never was skeered in all my life. Linda, does your old dad like me?"

"Reckon he do."

"And your mam?"

"Reckon she do."

"And, Linda—"

He stopped there for a long, long time, and Linda coughed and giggled over his embarrassment. By and by she said:

"Dad says you come powerful nigh killin' a b'ar last week."

No reply.

"Mam says you took up them tea acres of land above Parker's."

No reply.

"Has you lost your tongue, Jim?" she asked after a long silence.

"No, no, I was thinkin'," he replied as he looked at a deep sigh.

"Reckon I know what 'twas. Te-ge-heh!"

"Reckon you don't?"

"Course I do. Did likes you, mam likes you, and I—"

That too suddenly contracted again and brought them close together, and Jim's arm stole around Linda's waist as he finished the sentence for her with:

"And we's gwine to be lined in the fall and live on them acres! Linda, if him wasn't back then in that doah I'd shoroly hug you, I would."

I got out of "that doah" and took a long walk, and if Jim didn't take advantage of the occasion Linda's looks belied her when I returned.

The girl gave me good night and passed to her room, and a little later the old folks arrived back.

"Stranger, was that a feller yere a-sparkin' Linda?" whispered the father as they sat down beside me.

"Of co'se there was—of co'se," said the wife.

"There was a young man here," I replied.

"Did Linda call him Jim?"

"She did."

"Of co'se she did—of co'se," added the wife.

"Did they sot together?"

"Yes, on the log."

"Would you say, stranger—would you say that that was luv thar?" asked the husband.

"Why, I sat there smoking and looking into the laurels, and I neither heard nor saw much. By and by I got up and walked away."

"Of co'se he did—of co'se," said the wife.

"Yes, he un would git up and walk away," sighed the husband.

"Would you like Jim for a son-in-law?" I asked after a bit.

"Stranger," replied the man as he laid aside his pipe so as to have both hands free to gesture with, "that yere young man has killed a b'ar with a knife."

"And a whoppin' big b'ar at that," added the wife.

"He has shot three wildcats, sub."

"Shot three and skeered off a fourth."

"And he has swum the Cumberland river, sub."

"And it was in flood too."

"And he has killed mo' coons and foxes and possums in the last two years, sub, than any two men in the state."

"Of co'se he has—of co'se."

"And he made the elephant run when the last circus cum along, sub."

"And it was a whopper of an elephant, too—for suah it was."

"And, sub," continued the husband as he stood on his feet, "that yere Jim can outboller, outrun, outwaddle, outfight and outwit any critter of his age for fifty miles around."

"Of co'se he kin—of co'se," added the wife as she also stood up.

"And, sub, in a year or two mo' we ar gwine to send him to the legislature, and he's gwine to swell around these mountains with a plug hat and a cane. All this, sub, and you axes me if I'd take him for a son-in-law!"

"Of co'se we would—of co'se," said the wife.

The Kitchen Cupboard

DESSERTS FOR CHILDREN.

ANGEL CAKE.—Whites of six eggs, a teaspoonful of vanilla added to eggs before beating, a cupful of sifted sugar, half a cupful of flour sifted four times, add a small teaspoonful of cream of tartar. Fold flour in with knife, never beat in. Bake in angel cake pan at an elevation of three or four inches from bottom of oven. Place tin of water in oven while baking. Requires a moderate oven. Bake twenty minutes before opening oven door and twenty minutes longer, making forty minutes in all. Never grease tin, but on removing from oven place bottom up on cake board, and it will gradually drop down and out.

Maple Sugar Gingerbread.—A cupful of maple syrup, two cupfuls of flour, half a teaspoonful of salt, a teaspoonful of soda, a cupful of sour cream, an egg and a teaspoonful of ginger. Add the soda to the cream. When it foams add the egg, well beaten; then the maple syrup, salt and ginger. Lastly add the flour. Bake in a quick oven.

Ginger Cake.—Half a pound of butter, half a pound of sugar, two eggs, a pound of flour, a large heaping tablespoonful of ginger, a large pinch of salt. Work butter and sugar to a cream, add the beaten eggs, then the ginger and salt, and the flour by degrees. Knead it good on the board and be sure to use every bit of the flour, although it may seem dry to you if you have not any flat cookie pans take large baking pans, turn them hot top up and roll out the mixture just as thin as possible. Bake in a hot oven, but it must be watched very closely, for it burns on the edge very rapidly.

Caramel Ice Cream.—Caramel the sugar—that is, let it burn—but be careful that it does not get too dark and stir until it is the right color and has the characteristic caramel odor. Boil the milk, being careful not to burn, and add the eggs, using four for each quart of milk. When the milk and eggs are cooked to the consistency of custard add the caramel. Let it be cooked perfectly cold and then freeze like ice cream.

BIDS FOR SUBMARINES.

Experts Put Final Touches on Specifications For Undersea Craft.

Naval construction experts have put the finishing touches to the specifications for two great submarines for which bids will be asked next month and which will be greater and faster than any now in the United States navy.

The two monsters were authorized by the last congress. They will be fitted with steam turbines that must develop a speed on the surface of not less than twenty-five knots an hour and their full capacity will be more than 10,000 miles. The two vessels will be several tons larger than the Schley, now under construction, which has a displacement of 1,000 tons submerged. The Schley's tonnage is twice that of any of the American submarines thus far built.

BABIES' FOOTPRINTS TELL.

Chicago Hospital Adopts New System of Identification.

Use of footprints to prevent confusion in the identification of babies has been adopted in Chicago's largest maternity hospital. The prints are obtained in the first hour of life. The infant's foot is pressed against an ink pad, and then the ink foot is placed on a paper of moderate gloss, on which the impression of the tiny lines is made.

This new method of identification is regarded as a permanent record of value from a scientific standpoint. Experts say the lines will never change. There will be no chance, they contend, for a substitution of babies.

AERO DEFENSE FOR NEWPORT

Millionaires at Fashionable Summer Colony to Purchase Aircraft.

Through the efforts of Vincent Astor, Robert Goetz, George J. Scott, George D. Whitener, Jr., and other rich men a fund has been raised by summer residents in Newport for purchasing aeroplanes for the defense of Rhode Island in connection with the national guard. The fund has for amounts to \$10,000, and the committee in charge hopes to obtain sufficient funds to buy a squadron of fliers.

Roast Pig and Vegetables

Everybody Invited. Supper from 5 to 10.

COFFEE and KEROSENE

YOU realize that to buy merely coffee doesn't guarantee a kind that'll make a fragrant, delicious beverage. Hence, you ask for a brand that you know originates from a good bean properly ground. In the same way, to just say kerosene doesn't mean a high-grade lighting, burning or heating oil. But to get

ATLANTIC Rayolight OIL

does. For it burns without smoke, smell or soot, burns brightly, gives out a great heat, but costs the same as the smelly, spluttery kind. Be certain your grocer sells you Atlantic Rayolight Oil.

The Only Way to Keep the Front Hall Really Warm

It can't be done with storm or double doors. They'll help, but be they ever so air-tight, cold, shivery winter breezes will still sweep in—no one knows how, but they do.

So, for months running, the front hall is hardly habitable. But it's a simple, easy thing to keep it cosy warm and as comfortable as the comfiest part of the house. All that's needed is an inexpensive

PERFECTION Smokeless Oil Heater

Get one for your cold front hall today. Your dealer has them ranging in price from \$2.75 to \$5.00. Irrespective of price, each model will yield a comfortable but never oppressive heat with not a jot of trouble, work, care or dirt.

The Perfection is smokeless; it burns kerosene, the cheapest fuel. Of course, using Atlantic Rayolight Oil will give the best results. The Perfection holds an even gallon of oil and so does away with troublesome and constant refilling. Don't wait until the family get down with colds—get a Perfection immediately.

Atlantic Rayolight Oil is a Sewing Machine Tonic. It just puts new life into the machine. Drop into all the oil receptacles, let it remain for twelve hours, then run the machine, without threading, for five minutes, wipe clean and oil in the usual way. New on you? Well, perhaps you've got a use that's new to us; if you have, in a few days you'll see something of interest.

HUGE CLAIMS FACE CARRANZA

Mexico Has Tremendous Financial Task on Hand.

THE TREASURY IS BANKRUPT

It is Expected Republic's Congress Will Pass Big Bond Issue to Meet Claims.

Washington, Oct. 23.—With Carranza established as head of the de facto government of Mexico, the United States and the other powers responsible for his selection are considering how the new government shall be financed.

Mexico is bankrupt. Its industries are virtually ruined. Many of its cities have been destroyed. To get money needed to restore the republic, enormous sums are necessary.

Officials of the state department frankly admit the claims which must be assumed by Carranza for damages sustained by American interests and the government that will succeed him exceed \$250,000,000. Some officials say the figure will be double that sum.

The Southern Pacific railway, the Guggenheim Smelting interests, the Greene Consolidated Copper company and hundreds of other American corporations and individuals have heavy claims. There are also debt claims on behalf of the 250 or more Americans killed by Mexican bandits, and the hundreds of claims on behalf of the American and other foreign ranchers, whose establishments have been looted and buildings burned during the five years of warfare. British oil and railway corporations have filed claims for millions, as have French, Spanish, German and Chinese financiers.

It is expected Carranza will name a commission to pass upon all claims soon. It is probable this commission will be chosen largely from the supreme court of Mexico. To finance payment of claims, it is expected a bond issue, secured by the customs duties and a system of taxation to be devised by the Mexican congress, when elected, will be ordered. These bonds will have the unofficial guarantees of the United States and the Latin-American countries. Carranza believes that with tranquility restored, millions of foreign capital will be invested in Mexico.

Villa Marching on Oaxaca
El Paso, Tex., Oct. 23.—At the head of an army of 7000 men, General Villa is at Oaxaca, Sonora, seventy miles southeast of Douglas, Arizona, according to advices from there.

He is moving slowly, because of bad roads, against Agua Prieta, across the line from Douglas. At Agua Prieta, the Carranza general, P. Elias Calles, with 16,000 troops and civilians, is barricaded behind line after line of buried mines, trenches and barbed wire entanglements.

General Calles declared it would be impossible for Villa's army to rush the town and capture its defenders, but said sufficient artillery might force him to surrender.

STAB TEXAN AND WIFE

Mexicans Descend on Ranch and Attack Owners.

San Marcos, Tex., Oct. 23.—If Alfred Wilke, a Martindale rancher, recovers from an attack by three Mexicans, he will owe his life to the bravery and physical prowess of his wife. Mrs. Wilke wrested a knife from a Mexican and threw it to her husband, who killed one of his assailants. Then, although suffering from a knife wound, she got a gun and killed another. The third fled.

The Mexicans asked Wilke for work and when he refused, shot him three times in the back. His condition is serious.

High School Pupils Elope; Married
Pittsburgh, Oct. 23.—Prof. William Davidson, superintendent of schools, will be called on to settle whether he will allow two of his pupils, who eloped to Wellsburg, W. Va., and were married, to graduate with their class in Allegheny High school, this year. They are Roy Craigler, aged twenty, and Irma Kirschner, aged nineteen. The couple intend to graduate if permitted.

Policeman Killed in Wreck
Hazleton, Pa., Oct. 23.—Philip Melkrantz, a policeman, former president of the trolley men's union which conducted an eight months' street car strike a year ago, was killed instantly in an automobile accident at Hazleton, where a machine occupied by Melkrantz and three others dashed into a railroad danger signal pole at a grade crossing and was wrecked.

Loses Control of Auto, Killed
Franklin, Pa., Oct. 23.—Harry D. Nicklin, twenty years old, a law student, was killed instantly to night when a light runaway he was driving got beyond his control, mounted an embankment and turned over.

GAVE WIFE "SURPRISE"

Atlantic City Man Shoots Himself After Promising Treat for Family.
Atlantic City, Oct. 23.—Returning to his home at 10 Booye terrace, after spending the morning in a futile attempt to obtain employment, Antonio Ricardio, forty-one years old, requested his wife, niece and two small children to leave the house for a moment, promising to give them a "surprise" on their return. They gleefully complied, thinking he had either obtained work or money for provisions for the destitute household.

Their joy was turned to panic by the sound of a revolver shot as they left the house by the rear.

Rushing within, Mrs. Ricardio fell in a swoon at sight of her husband in a pool of blood on his bed. Ricardio was still living when the patrol arrived, but died on the way to the City hospital.

WILSON CONSULTS DEFENSE LEADERS

Approves Plan For Army of 1,200,000.

Washington, Oct. 23.—Formal announcement of the army plans in the national defense program to be laid before Congress by the administration this winter awaits word from President Wilson that he has concluded his conferences with congressional leaders on the subject.

While the president has approved the plan, which calls for building up an army of more than 1,200,000 in six years, he has not yet had an opportunity to discuss it with all those members of the house and senate whose views he wishes to obtain.

It was learned that, although it has been determined to recommend the establishment of several new harbor defenses on both the Atlantic and Pacific, armed with sixteen-inch guns, final designs for these giant weapons have not yet been completed. Army ordinance experts say the sixteen-inch gun in no sense represents the biggest weapon that can be designed. If ships are built that can withstand the blow of a sixteen-inch projectile, it merely is a question of building a bigger gun.

WOMEN GET EQUAL PAY

Action of Britain in Munition Factories Victory for Suffragists.

London, Oct. 23.—In a statement issued David Lloyd-George, minister of munitions, announces that women eighteen years of age and over engaged in munition work receive a minimum wage of one pound weekly.

While doing skilled work on time or by piece, women get the same pay as men, the announcement further states.

This official recognition of the right of women to receive the same pay as men for the same work is claimed as a great victory by militant suffragettes who have long been agitating the question.

Killed in Auto Accident
Schenectady, N. Y., Oct. 23.—William Sells was killed and two others seriously injured when an automobile in which they were riding turned turtle on the Londonville road near Albany. Sells' neck was broken.

3 Weeks' British Losses, 52,357
London, Oct. 23.—British casualties published since October 1 total 2285 officers and 50,072 non-commissioned officers and men. These figures show an average loss to the British army of nearly 2500 men a day.

SAXON SIX

A big touring car for five people

Power of a locomotive

Mighty, resistless power that seems capable of sweeping you on and on forever—that's the first thing you feel when you sit behind the wheel of a Saxon "Six"

You sense it in the motor's low, healthy purr. You feel it in the steady, even pull as the car gets under way.

And then, when you step on the accelerator, what a revelation of power you get. The car leaps forward—eagerly, like a bound unleashed.

Speed is yours—as much as you want—with only a touch of the throttle. Hills are like level places. You romp up steepest grades without the slightest feeling of effort.

Saxon "Six" has proved its hill-climbing ability on all the famous testing hills of the country. In the Stamford, Conn., Hill Climb, it took first place. Up the three-mile mountain road at Uniontown, Pa., it sped in 4 minutes and 4 seconds, defeating all cars in its price class and some that were higher priced. Ralph De Palma, the world's greatest racing driver, who competed, said the showing of the Saxon "Six" at Uniontown was the most astounding performance he had ever seen.

In this great car the Saxon engineers have incorporated the most advanced ideas of motor car design:

High speed motor
Light weight
Yacht line body
Comfort for all passengers

Saxon high speed motor, plus Saxon light weight is the combination that gives such wonderful power. Yacht line body gives the "Six" its striking beauty and style. Ample room in both driver's seat and tonneau gives complete comfort for all passengers.

Come in and see this splendid car. Let us prove to you its power and quality. In choosing your touring car don't be content with anything less than a "Six."

Six-cylinder high-speed motor, 30-35 h. p.; yacht line body; two-unit electric starting and lighting; demountable rims; one-man top; Timken axles and bearings; vanadium steel cantilever springs; 112 inch wheelbase; 32 x 3 1/2 inch tires, non-skid in rear.

For President Judge

J. L. BUTT, Esq.,

OF GETTYSBURG

To the Voters of Adams and Fulton Counties:

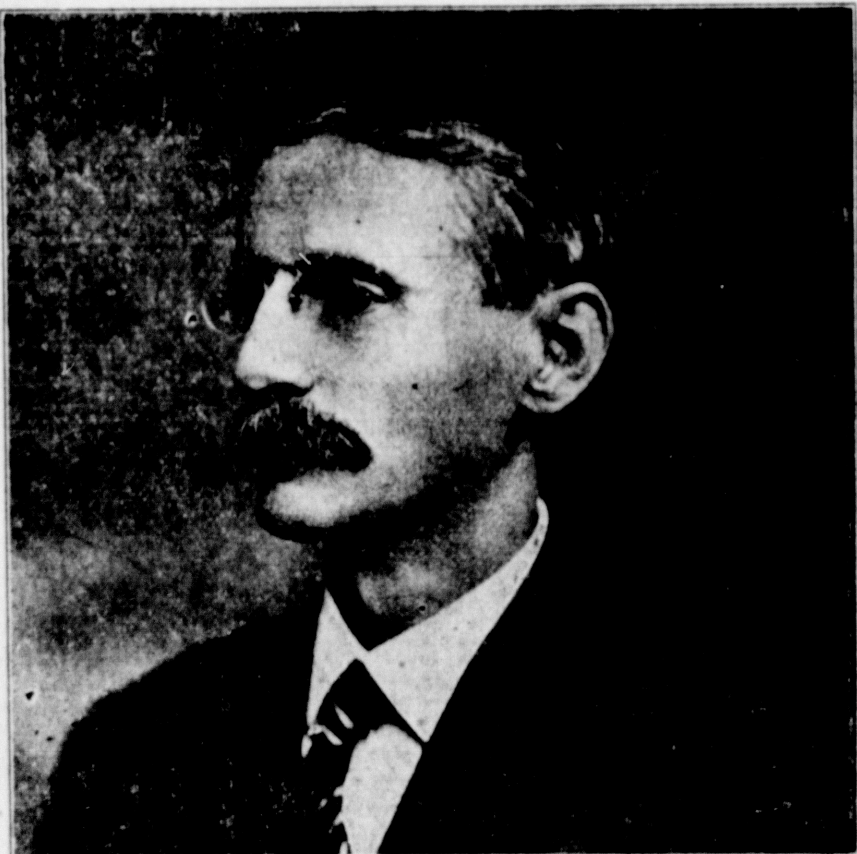

In the selection of a man for President Judge of this 51st Judicial District, you have in J. L. Butt, Esq., a gentleman born and raised on the farm, and at the present time extensively engaged in farming. No one can argue against the statement that a farmer-lawyer is best fitted as a judge to the people of this district, because of the fact that the population is largely made up of farmers.

It is therefore for the country voters to say on Nov. 2nd whether or not they want an associate in their business to also preside over the legal end of their welfare.

Most naturally Mr. Butt solicits the support of his farmer friends, but he also solicits that of every business and professional man in the district. Of practical legal training, his ability as a Jurist is unquestioned.

Mr. Butt's investments have been chiefly in farms, and it has been through this that he has been brought close to the farmer and his needs. He is a large employer of farm labor, having continuously in his employ from 40 to 80 men, and it is but natural that the farmers of the district give him their hearty support.

Mr. Butt has given you a fair, square answer to the license questions, that he will "impartially and conscientiously" do his duty under the law and the decision of the higher courts. Every voter can understand this. It is the only proper answer that a candidate should give under the law and decisions of the Superior and Supreme Courts.
